

Pedal Board Comparison

AGO

32 pedals (C1 to G3)
Width at top = 47.75"
Width at bottom = 36.37"

30 pedals (C1 to F3)
Width at top = 45.25"
Width at bottom = 34.50"

Length of E2 pedal = 28.37"
Pedal spacing (naturals) at center = 2.25 to 2.50"

Studio 170/370

30 pedals (C1 to F3)
Width at top = 46.50"
Width at bottom = 35.50"

Length of E2 pedal = 25.00"
Pedal spacing (naturals) at center = 2.50"

Notes: the width of the Studio pedal board at both the top and bottom is slightly wider (about 3%) than the width of the same 30 pedals on an AGO pedal board. The Studio pedals have a concave profile similar to an AGO pedal board (not visible in photo).
